

Del Norte Unified School District May 20<sup>th</sup>, 2020

#### **Economic Effects of COVID-19**

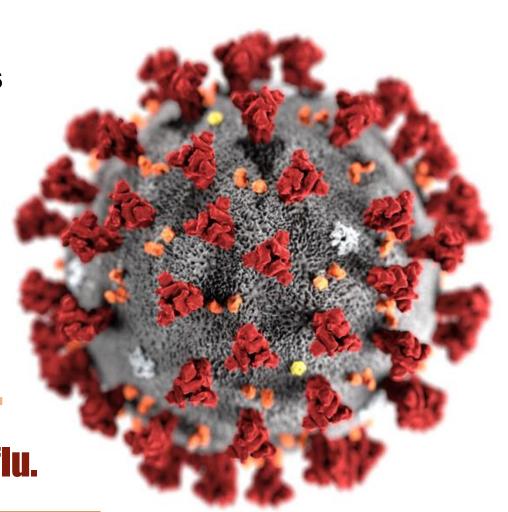

- Eleven years of economic expansion came to a screeching halt this year
  - ◆ As former Governor Jerry Brown always warned us, a recession was coming, but even he could not have foreseen this
- No aspect of the national or state economy seems to be unscathed by the virus and the path to recovery is unknown
  - There are no models for how a world recovers from a near total shutdown of economies around the globe
    - Initial recovery projections were optimistic, but along with the number of cases of COVID-19, have become more and more grim
- The actual economic effects will not be known for months and years, but nonetheless, the Administration must make some assumptions as to how far California will fall and how it will make its eventual comeback

#### California's Economy

© 2020 School Services of California Inc.

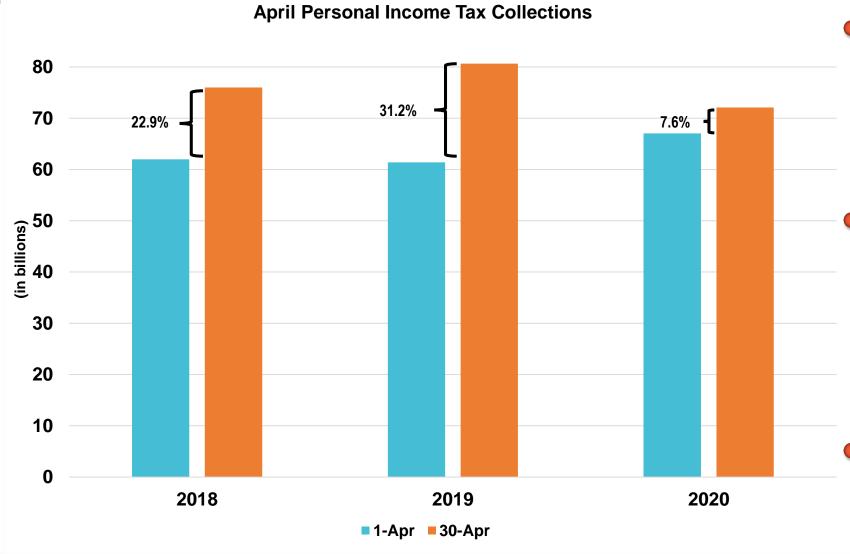

- As the nation goes, so goes California
- California ranks 5<sup>th</sup> among the world's largest economies including the United States, China, Japan, and Germany
  - This makes the state highly susceptible to national and global economic shocks
  - Given its coastal geography, the state is home to three of the largest trade ports—making California's economy reliant on international commerce

When the nation gets a cold, California gets the flu.

#### Impact of Shifting the Tax Deadline

- Both federal and state governments shifted the annual income tax deadline from April 15 to July 15 as a result of the COVID-19 outbreak
- This shift has caused a significant decline personal income tax (PIT) revenues in the biggest PIT revenue month, making it difficult to develop the state's on-time Budget
- Given recent unemployment figures, we may not fully recover the lost revenue

#### **California Revenues**

- The May Revision assumes that the state will suffer from a \$41.2 billion loss in revenues compared to January estimates in 2019–20 and 2020–21 combined
  - ◆-\$9.1 billion for 2019–20
  - ◆-\$32.2 billion for 2020–21
- Revenue losses are compounded by the growing number of Californians who need access to state safety net services, bringing the state's total shortfall to \$54 billion

#### Rainy Day Fund—Budget Stabilization Account

- The Budget Stabilization Account (BSA) currently has about \$16.2 billion
- Proposition 2 (2014) stipulates that a withdrawal may not exceed half of the BSA balance in the first year of a budget emergency
- The May Revision proposes to draw down the entirety of the \$16.2 billion over three years
  - ◆ This includes \$7.8 billion for 2020–21

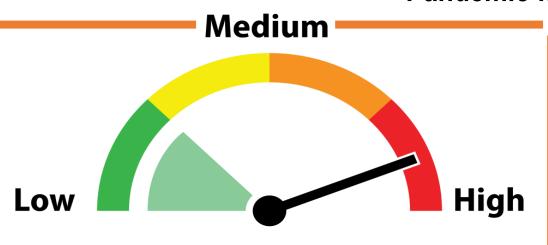

#### **Risks to the State Budget**

© 2020 School Services of California Inc.

- Biological risks
  - Epidemiology of the coronavirus
  - Lack of widespread testing, tracing, effective therapies, and a vaccine
  - Viral rebound in the fall or winter
- Fiscal risks
  - Expiration of federal unemployment benefits
  - Lack of federal stimulus measures that meet need

- Performance of the international economy
  - Worldwide reductions of gross domestic product
  - Continuing distortions of supply and demand
- Increasing Sino-U.S. tensions
  - Pandemic finger pointing

Potential trade "Cold War"

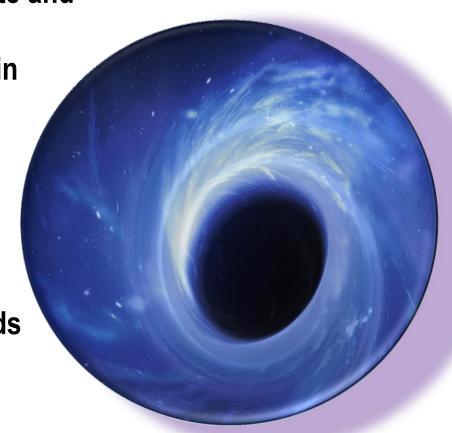

#### Will There Be a Revised Budget?

© 2020 School Services of California Inc.

• While the May Revision gives us important anchors for state and local budgets that must be adopted by July 1, 2020, there continues to be a gaping hole of information that we need in order to build more accurate budgets

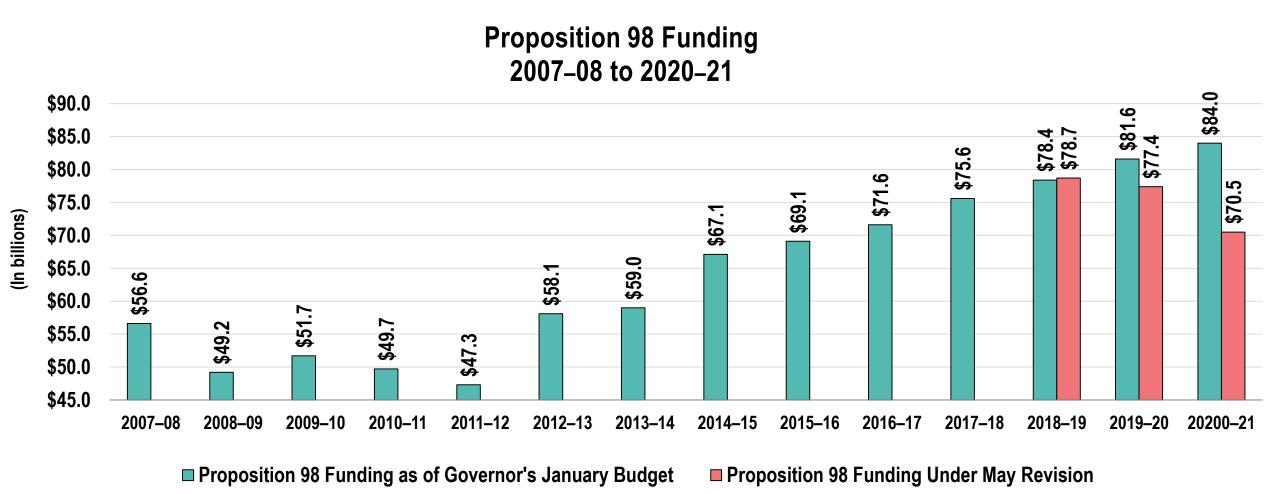

- Unemployment rates change
- ◆ PIT revenue is the largest share of general fund revenue; tax payments deferred
- ◆ Consumer confidence shaken by the current state of the economy; may be a while before confidence rebuilds
- ◆ Small, as well as large, businesses may not be able to withstand COVID-19
- The state will likely need to revise its Budget when more information becomes available later this summer

#### **Proposition 98 Funding**

© 2020 School Services of California Inc.

Source: 2020-21 Governor's Budget, pg. 68 and data provided by the DOF

#### **Proposition 98 Reserve**

© 2020 School Services of California Inc.

- The May Revision reflects the "withdrawal" of all of the funding in the Public School System Stabilization Account
  - ◆ Effectively, due to the reduction in Proposition 98 for 2019–20, the deposit does not occur, so these funds are available to be used to help satisfy the minimum guarantee for 2019–20

\$376.5 million

Deposit per the 2019–20 Adopted Budget

Total: \$524.2 million

Full amount utilized in 2019–20

\$147.7 million

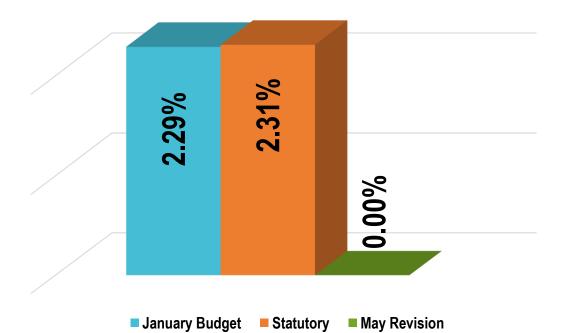

Additional deposit for 2019–20 per the Governor's January State Budget

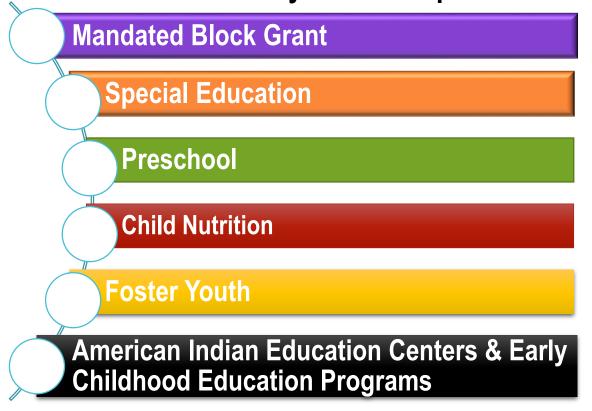

#### **Statutory COLA**

© 2020 School Services of California Inc.

 While the May Revision acknowledges a 2.31% statutory cost-of-living adjustment (COLA) (up slightly from the 2.29% estimated COLA in January), it suspends the COLA for 2020–21

 Categorical programs outside of the LCFF will also have the statutory COLA suspended

In typical years, as costs continue to rise, these programs would see adjustments for COLA only and average daily attendance (ADA) for special education

#### **Deferrals: Here We Go Again**

© 2020 School Services of California Inc.

• Cash deferrals were used during the Great Recession to implement state-level budget cuts and/or improve the state's cash position

The Governor's May Revision takes a page from the same playbook and proposes the following

cash deferrals:

- Local school agencies may need to implement local borrowing options to ensure adequate cash to continue paying employees and vendors during these times
  - While this avoids an additional cut in state revenues to schools, it pushes the administrative and financial burden of borrowing cash to local school agencies

#### 2020–21 LCFF Funding Factors

© 2020 School Services of California Inc.

- The May Revision suspends the 2.31% COLA and includes an additional reduction—for a total of 10% cut to the Local Control Funding Formula (LCFF)
  - ◆ First, the 2.31% COLA is applied to arrive at the 2020–21 base grants
  - ◆ Then the 10% reduction is applied—for an effective reduction of 7.92% to the 2019–20 base grant amounts

    These reductions would be "triggered off" if the federal

These reductions would be "triggered off" if the federal government provides sufficient funding to backfill the cuts

Grade Span	2019–20 Base Grant per ADA	2.31% COLA		10% Reduction	Effective 2020–21 Base Grant per ADA
K-3	\$7,702	\$178	\$7,880	[-\$788]	\$7,092
4–6	\$7,818	\$181	\$7,999	[-\$800]	\$7,199
7–8	\$8,050	\$186	\$8,236	[-\$824]	\$7,412
9–12	\$9,329	\$215	\$9,544	[-\$954]	\$8,590

#### 2020–21 LCFF Funding Factors

- Two grade span adjustments (GSAs) are applied as percentage increases against the effective base grant amounts
  - ◆ Grades K–3 receive a 10.4% increase for smaller average class sizes
  - Grades 9–12 receive a 2.6% increase in recognition of the costs of career technical education coursework

Grade Span	Effective 2020–21 Base Grant per ADA	GSA	2020–21 Adjusted Base Grant per ADA
K-3	\$7,092	\$738	\$7,830
4–6	\$7,199	-	\$7,199
7–8	\$7,412	-	\$7,412
9–12	\$8,590	\$223	\$8,813

#### **2020–21 LCFF Funding Factors**

© 2020 School Services of California Inc.

• The cuts are meant to reduce the LCFF with the reduction taken from the base grant, which lowers the amount upon which supplemental and concentration grant funding is calculated

Grade Span	2020–21 Adjusted Base Grant per ADA	20% Supplemental Grant* per ADA—Total UPP after 10% base grant reduction	50% Concentration Grant* per ADA—UPP Above 55% after 10% base grant reduction
K-3	\$7,830	\$1,566	\$3,915
4–6	\$7,199	\$1,440	\$3,600
7–8	\$7,412	\$1,482	\$3,706
9–12	\$8,813	\$1,763	\$4,406

<sup>\*</sup>Calculated based on the percentage of a local educational agency's (LEA's) enrolled students who are English learners, free or reduced-price meal program eligible, or foster youth—the unduplicated pupil percentage (UPP)

#### 2020–21 LCFF Add-On Reductions

© 2020 School Services of California Inc.

In addition to the base, supplemental, and concentration grants, all of the following LCFF add-on funding will also receive a 10% reduction

## What Does the LCFF Mean for Del Norte?

Del Norte 2020–21			
2020–21 LCFF Per-ADA Funding	Projected 2020–21 ADA	Projected 2020–21 LCFF Total Revenue	
\$9764 (\$10,224 19/20)	3433 (3449 19/20)	<b>\$33,674,615</b> (\$36,571,124 19/20)	

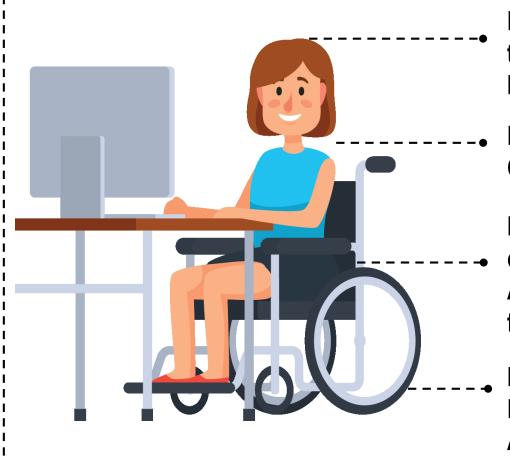

#### **Historical Lottery Funding Reductions**

- During the great recession Lottery funding was also reduced due to the economical distress felt by so many Californians
- Between 2006–07 through 2009–10 the biggest loss was to the restricted Lottery (instructional materials) portion of the Lottery funding from \$27.90 per ADA down to \$13 per ADA (53%) in that period of time
- Full restoration of pre-recession funding did not occur until 2012–13
- Prudent Lottery projections should include a reduction in expected funding as part of the multiyear projection based upon historical trends

#### **Special Education**

© 2020 School Services of California Inc.

Base Rates increased to \$645 per ADA based on three-year rolling average ADA

Reflects a 15% increase over the amount provided in 2019–20 budget

Reflects suspension of 2.31% COLA

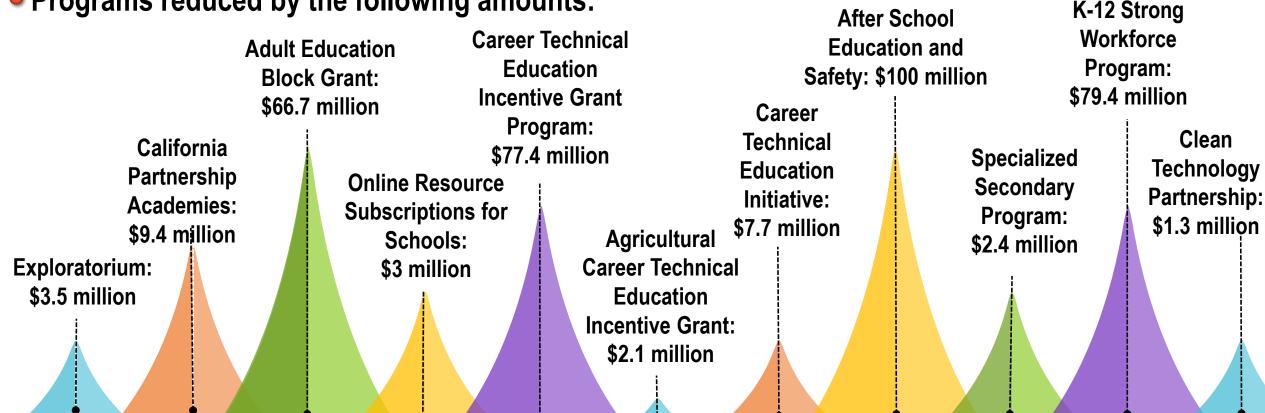

Maintains all other existing categorical programs in the Assembly Bill 602 formula until a finalized formula is adopted

Maintains Special Education Local Plan Area Governance and Accountability Structure

### Categorical Program Cuts

- Total savings of \$352.9 million by cutting categorical programs roughly in half
- Cuts may be reversed if additional federal funds materialize
- Programs reduced by the following amounts:

#### **CalPERS Future Rate Implications**

© 2020 School Services of California Inc.

To provide increased fiscal relief, the May Revision revised the California Public Employees' Retirement System (CalPERS) 2020–21 employer contribution rate to 20.70%

 CalPERS investment losses will cause pressure to increase employer contribution rates in the future

CalPERS Employer Contribution Rate Estimates		
Year	Previous Rates	Revised Rates
2020–21	*22.68%	20.70%
2021–22	*24.60%	22.84%
2022–23	25.90%	25.50%
2023–24	26.60%	26.20%
2024–25	27.00%	26.50%
2025–26	26.80%	26.40%
2026–27	26.70%	26.20%

<sup>\*</sup>CalPERS Board approved 2020-21 contribution rate as of April 21, 2020

#### CalSTRS Future Rate Implications

- The May Revision revised the California State Teachers' Retirement System (CalSTRS) employer contribution rate in 2020–21 from 18.40% to 16.15%
- Beginning in 2021–22 the CalSTRS Board will have some authority to increase or decrease employer contribution rates by a maximum of 1% annually—not to exceed 20.25%
- Any investment returns below the CalSTRS target of 7% will likely reduce the funded status of the plan and potentially increase employer contributions in the future

CalSTRS Employer Contribution Rates		
Year	Rate	
2019–20	17.10%	
2020–21	16.15%	
2021–22	16.02%	
2022–23	18.10%	
2023–24	18.10%	

#### **Additional Federal Funding?**

© 2020 School Services of California Inc.

California is slated to receive billions of dollars from the Coronavirus Aid, Relief, and Economic Security (CARES) Act, but the funding only puts a small dent in the state's \$54 billion budget deficit

Governor Newsom has been aggressively lobbying the federal government for an additional \$1 trillion in aid

House Democrats introduced the Health and Economic Recovery Omnibus Emergency Solutions Act (HEROES) Act, a \$3 trillion package that gives \$60 billion for K-12 school districts nationally

Resistance from the White House and Senate Majority Leader Mitch McConnell (R-Kentucky) in giving states and local governments additional federal funding

#### **Local Relief Measures**

© 2020 School Services of California Inc.

• In order to help LEAs absorb the reductions, the Governor offers a suite of relief measures

**Exemption from deferrals for hardship reasons** 

Ability to exclude state's on-behalf-of-employer payments in the Routine Restricted Maintenance Account calculation

Subject to public hearing, the ability to increase internal inter-fund borrowing limits

Authority for special education staff to use technology-based options to serve students

Use proceeds from property sales for one-time general fund purposes

Extend the transitional kindergarten teacher credential requirement from August 1, 2020 to August 1, 2021

#### Changes to the 2020–21 LCAP

© 2020 School Services of California Inc.

The Local Control and Accountability Plan (LCAP) template adopted by the State Board of Education (SBE) in January will not be used for 2020–21

The templates to be used for the 2020–21 LCAP and the 2019–20 Annual Update require a change in statute, and few details currently are available

The California Department of Education will develop the new templates for 2020–21 in consultation with the SBE and stakeholders

**Expected to be available in late summer of 2020** 

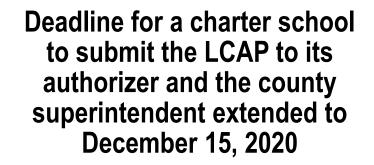

#### 2020–21 LCAP Deadlines Extended

© 2020 School Services of California Inc.

Deadline for LCAP, Annual Update, and Budget Overview for Parents extended from July 1 to December 15, 2020

Deadline for county superintendent or state superintendent of public instruction to approve the LCAP extended to January 14, 2021
